Media Advisory: Medina Line Road Bridge over Yellow Creek closure

Bath/Granger Township, OH – Summit County Engineer Alan Brubaker, PE, PS and Medina County Engineer Andy Conrad, PE, PS would like to alert residents and motorists of an upcoming sixty (60) day closure of the Medina Line Road Bridge over Yellow Creek starting Monday, August 5th, 2019. The bridge is located approximately 200 feet south of Granger Road on the border of Bath Township and Granger Township. The closure is necessary for complete bridge replacement project.

Mosser Construction is the contractor on the \$526,750.00 design/build project. The Summit County Engineer's office and the Medina County Engineer's office will each contribute 50% of the project's cost.

The detour route will be posted. The detour route involves Granger Road, Crystal Lake Road, and State Route 18. A map of detour route is on the next page. All work is subject to inclement weather.
